

# Business Accountability & Fiduciary Duties Social Contract for the Natural Law Republic of The United States of America

I, \_\_\_\_\_, as a primary owner of this business entity, do hereby solemnly swear that I am willfully and of clear mind and conscience signing this contract to operate my business under the maxims of Natural Law as outlined in the Constitution for the Natural Law Republic of the United States of America and to honor my fiduciary duties as documented in our Articles of Inception. I also agree to operate my business with the highest moral standards possible. I understand that this business and all of its dealings and transactions are my personal responsibility and that I will be held personally liable for any violations of this contract directly related to my decisions or actions. Actions of others will be their personal responsibility as outlined in the Constitution.

I understand that any violations of Natural Law, trespasses against others, or questionable business activities may be brought against me in a Court of Common Law by any Sovereign, Protector Class, Public Service Administration member, or other business entity. I agree to abide by all guidelines set by the Department of Business Accountability in accordance with my operations and business sector, but that all such guidelines will only align with Natural Law and in no way illegitimately impede my ability to operate my business in an honest and open Free Market with unnecessary or burdensome regulations and red tape. I understand that the Free Market is designed to benefit the customers of my business and all Sovereigns of this Republic who choose to interact with my business. As such, I will operate within the fair competition guidelines as documented in our Articles of Inception and any activities which may be construed as unfair, monopolistic, or damaging to other competitors in the Free Market may result in charges against my business in a Court of Common Law.

I agree to collect and submit all Point of Sale contributions to the Treasury on an agreed-to basis. All financial interactions of my business will be available and fully transparent to any member of the Department of Business Accountability whenever requested and in a reasonable time frame. I agree to operate my business with the highest of ethical standards and to contribute to the flourishing economy of this Republic, while also protecting the natural balance of ecosystems, honoring our employees as integral in our success as well as our customers, without whom we'd be a viable entity. It is my honor to operate this business to align with the Natural Laws of Economics and to engage in fair and honest competition in the Free Market made possible by the Public Service Administration and Sovereigns of this Republic and I pledge my name and word to this document.
